It was motivating to know that such support was available to students in need. In my case, as I am sure for many of the others, it has helped a lot. It will be great if this kind of action continues to be available and help support many others.

Your kindness and willingness to help a student like myself gives me the motivation and spirit to succeed and to keep on going in my love of learning and life.

Upon receiving the bursary at the awards ceremony, I called my husband to tell him which bursary I received and he went very quiet on the phone. I asked him if everything was okay and he said, yes everything is going to be okay. I cried. My husband was so worried about the upcoming semester and was preparing to tell me that I may need to take a semester off because the costs of travelling to school had added up and we needed to get caught up on all the bills.

Your foundation has made it possible for me to persevere. From the bottom of my heart, I thank you. Thank you so much for making this happen and allowing me to continue my education.

I would like to give you my most sincere “thank you” for the support you have given to my studies by offering a bursary. On bad days, I can spend up to 6 hours of my day on travelling. This, combined with the fact that my father is retired and my mother works for a non-profit made me feel as though I would have no choice but to give up my last bit of free time to work.

You provided great help in lessening not only my stress but my financial burden and allowing me to continue my education with peace of mind.

With the generosity and support of donors, partners, and communities, the Cégep Heritage College Foundation awarded nineteen engagement and perseverance bursaries valued between $200 and $2000. On April 26, 2017, the Foundation announced student assistance in the form of bursaries valued at more than $9,000.

The Cégep Heritage College Foundation was established in 2013 as a registered charitable organization. Through fundraising activities, the Foundation contributes to the College’s mission to assist the College in responding to the steadily increasing demands for its services. Awarding bursaries, recognition and celebration of engagement and perseverance is an integral part of encouraging our youth to pursue their college studies.
